Copies of the diagrams showing the proposed annexation territories are enclosed.

3. Set a date for a public hearing regarding the proposed annexations and levying of annual assessments within the annexed territories for street lighting purposes, with a base-assessment rate of \$5 for a single-family residence within the Unincorporated Zone of County Lighting District LLA-1 for Fiscal Year 2007-08.
4. Instruct the Executive Officer of your Board to cause notice of the public hearing by mail at least 45 days prior to the date of hearing scheduled for _____. The mailed notice will include assessment ballots.
5. Instruct the Executive Officer of the Board to cause notice of the public hearing to be posted in three conspicuous places within the territory to be annexed and to publish the notice of public hearing once a week for two successive weeks in a newspaper of general circulation. Such posting and publication to be completed at least 10 days prior to the date of hearing, pursuant to Section 5838 of the California Streets and Highways Code.

AFTER THE PUBLIC HEARING, IT IS RECOMMENDED THAT YOUR BOARD:

1. Order changes, if needed, in any of the matters provided in the Engineer's Reports, including changes in the improvements, the proposed diagrams, or the proposed assessments.
2. Order the tabulation of assessment ballots submitted, and not withdrawn, in support of or opposition to the proposed assessments.

5. Find that the annexations and assessments are for the purpose of meeting operating expenses; purchasing supplies, equipment, or materials; meeting financial reserve needs and requirements; and obtaining funds for capital projects, including the installation, operation, and maintenance of street lights necessary to maintain service within the areas proposed for annexation, and exempt from the requirements under the California Environmental Quality Act.
6. Instruct the Executive Officer of the Board to file copies of the Resolution Ordering Annexation and the Joint Resolutions Approving and Accepting the Negotiated Exchange of Property Tax Revenues with the County Assessor, Ownership Services Section; and Auditor-Controller, Tax Section.
7. Make a finding terminating the annexations, levying of assessments, and property tax transfer proceedings in those petition areas where the proposed annexation and levying of assessments have been rejected as a result of a majority protest, and refer the matter back to Public Works.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

These recommended actions are for your Board to annex the territories known as Petition Nos. 141-902 (Kaydel Drive), 53-504 (Villa Park Street), 100-905 (Otterbein Avenue), and 63-505 (Gorman Post Road) to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and levying assessments for Fiscal Year 2007-08 on the benefitted properties within the annexed territories for street lighting purposes.

It is also necessary for your Board to approve the enclosed Joint Resolutions pursuant to Section 99.01 of the Revenue and Taxation Code in order to proceed with the annexation of territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone. The respective governing bodies of the other affected taxing entities have also adopted the Joint Resolutions.

Your Board previously approved and filed Petition Nos. 141-902, 53-504, 100-905, and 63-505, and adopted Resolutions Initiating Proceedings to annex the territories to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, and ordered Public Works to prepare and file an Engineer's Report for each Petition area.

Implementation of Strategic Plan Goals

This action is consistent with the County Strategic Plan Goal of Fiscal Responsibility, as the annexations, levying of assessments, and property tax transfers will provide the funding necessary for the operation and maintenance of new street lighting facilities within the annexed territories.

FISCAL IMPACT/FINANCING

Sufficient funds are included in the Fiscal Year 2006-07 budget for County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone to fund the estimated annual cost of \$4,372 for operation and maintenance of the 29 street lights proposed within the five petition areas should operating, maintenance, and energy charges be incurred prior to the end of Fiscal Year 2006-07.

In Fiscal Year 2007-08, the ongoing operation and maintenance costs of the street lights within these annexed territories will be funded by a portion of the Lighting District's share of ad valorem property taxes, supplemented by assessments annually approved by your Board. The annexations will result in a minimal property tax growth transfer from the affected taxing entities including the County General Fund, County Library, Road District Nos. 1, 4, and 5, County Fire Department, and the Los Angeles County Flood Control District.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The enclosed Resolution of Intention must be adopted to set a date for the required public hearing. Your Board, at the close of the public hearing, may delay its determination regarding the annexations and levying of assessments until a later date, continue the public hearing to receive further testimony, or make a determination regarding the annexations and assessments.

Under Proposition 218 (California Constitution, Article XIID), it is necessary to follow the procedures for levying of assessments previously authorized by your Board, including the sending, receipt, and tabulation of ballots. The assessment will only be levied if the weighted majority of the ballots returned are in favor of the assessment.

Affected agencies must approve and accept the exchange of property tax revenues pursuant to Section 99.01 of the Revenue and Taxation Code by Resolution. For those agencies under the Board's jurisdiction, the Board can act on their behalf. For those agencies with their own governing boards who fail to adopt a Resolution providing for the exchange of property tax revenues, your Board can approve the exchange of

The Honorable Board of Supervisors

property tax revenue for that agency. The Joint Resolutions Approving and Accepting the Negotiated Exchange of Property Tax Revenues approved by nonexempt taxing agencies are enclosed for your consideration.

A legal description and diagram identifying the boundaries of the proposed annexation areas have been reviewed and approved by Public Works and the County Assessor in accordance with the requirements of Section 58850 et seq. of the Government Code and are on file with Public Works. A copy of a diagram showing the boundaries of each proposed annexation area is attached to the enclosed Engineer's Report prepared for each Petition area.

Following your Board's approval of the annexations, levying of assessments, and exchange of property tax revenues, Public Works will file with the State Board of Equalization the statement of boundary changes as required by Section 54900 et seq. of the Government Code.

The enclosed Resolutions have been approved as to form by County Counsel.

ENVIRONMENTAL DOCUMENTATION

This project is exempt from the California Environmental Quality Act pursuant to Section 21080(b)(8) of the Public Resources Code and Class 1(x)27 of the County's Environmental Document Reporting Procedures and Guidelines approved by your Board.

**COUNTY OF LOS ANGELES
DEPARTMENT OF PUBLIC WORKS
ENGINEER'S REPORT
PETITION NO. 141-902**

The Board of Supervisors of the County of Los Angeles previously adopted a Resolution Initiating Proceedings for the annexation of territory to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone, pursuant to the California Streets and Highways Code Landscaping and Lighting Act of 1972, for the purpose of providing for the cost of installing, operating, and maintaining ten street lights on existing or new wood poles with overhead wiring within the annexed territory, as shown on the diagram, plans and specifications attached hereto. In addition, Public Works was ordered to prepare and file an Engineer's Report in accordance with Section 22565 et seq. of the Streets and Highways Code. This Report was prepared in response to that directive.

The annual operating cost of \$1,280 for the ten - 9,500 lumen high pressure sodium vapor street lights will be funded by County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone. An annual assessment for the operation and maintenance of the street lights of \$5 per parcel for a single-family home, with proportionately higher assessments for other land uses, will be added to the Fiscal Year 2007-08 tax bill of property owners whose parcels lie within the annexed area and parcel identification numbers are identified in Appendix A, included herein. Each year thereafter, an annual assessment for the operation and maintenance costs of the street lights, approved by the County of Los Angeles Board of Supervisors, will be added to the property tax bill.

With the passage of Proposition 218 (California Constitution, Article XIID) by the California voters in November 1996, the levying of an assessment is now subject to certain provisions under Article XIID of the California Constitution. This Report conforms with the applicable provisions of Proposition 218.

County Lighting Maintenance District 1687 is an established street Lighting District and was fully funded from ad valorem property taxes prior to the passage of State Constitutional Amendment XIII-A, which limited the maximum amount of ad valorem tax on real property. The ad valorem property taxes received under the guidelines established by the State Legislature subsequent to the passage of this amendment are not sufficient to pay the cost of the street lighting in the District. Therefore, County Lighting District LLA-1, Unincorporated Zone was formed under the Landscaping and Lighting Act of 1972 to provide supplemental funding.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefitted property within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land

use and utilizing land-use data compiled by the County Assessor was approved by the Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2006-07 Annual Engineer's Report, which lists the base-rate assessment for all zones within County Lighting District LLA-1, Unincorporated Zone, and the total assessment amount to be collected from benefitted parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A. The parcels are more particularly described in a map prepared in accordance with Section 327 of the Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install ten street lights in the designated area, as requested by the signers of Petition No. 141-902, and to provide for their operation and maintenance.

The Landscaping and Lighting Act of 1972 provides for the assessment of street lighting costs against the benefitted property within the lighting district in proportion to the benefits received. A method of distributing the street lighting costs on the basis of land use and utilizing land-use data compiled by the County Assessor was approved by the

Board of Supervisors on May 22, 1979, and amended on July 22, 1997, to include government-owned or leased parcels. This report showing the approved method and the assessment units to be assessed on the various types of lots and parcels based on land usage is on file in the office of the Board of Supervisors and is made a part hereof by reference. The Fiscal Year 2006-07 Annual Engineer's Report, which lists the base-rate assessment for all zones within County Lighting District LLA-1, Unincorporated Zone, and the total assessment amount to be collected from benefitted parcels in each zone based on land use, is on file in the office of the Board of Supervisors and is made a part hereof by reference.

The parcels of real properties affected are shown in Appendix A. The parcels are more particularly described in a map prepared in accordance with Section 327 of the Revenue and Taxation Code, which is on file in the office of the County Assessor and is made a part hereof by reference.

We believe that it would be in the public interest to install eleven street lights in the designated area, as requested by the signers of Petition No. 63-505, and to provide for their operation and maintenance.

**NOTICE OF PUBLIC HEARING
OF THE BOARD OF SUPERVISORS
TO CONSIDER ANNEXATION OF TERRITORIES TO
COUNTY LIGHTING MAINTENANCE DISTRICT 1687 AND
COUNTY LIGHTING DISTRICT LLA-1, UNINCORPORATED ZONE
PETITION NOS. 141-902, 53-504, 100-905, AND 63-505**

Notice is hereby given that a public hearing will be held by the Board of Supervisors to consider the annexation of territories known as Petition Nos. 141-902, 53-504, 100-905, and 63-505 to County Lighting Maintenance District 1687 and County Lighting District LLA-1, Unincorporated Zone (Lighting Districts). Said hearing will be held on Tuesday, _____, at 9:30 a.m., in the Hearing Room of the Board of Supervisors, Room 381B, Kenneth Hahn Hall of Administration, 500 West Temple Street (corner of Temple Street at Grand Avenue), Los Angeles, California 90012.

These territories, whose street locations are described below, are proposed for annexation to the Lighting Districts and for the collection of assessment revenues to pay for their operation and maintenance. The proposed annual street lighting assessment is \$5 for a single-family home, with proportionately higher rates for other land uses.

- Petition No. 141-902: Kaydel Road between Pellissier Road and Kathleen Street in the Avocado Heights area.
- Petition No. 53-504: Villa Park Street between Azusa Avenue and Sandlewood Avenue in the South San Jose Hills area.
- Petition No. 100-905: Otterbein Avenue between Breckelle Street and Colima Road in the Rowland Heights area.
- Petition No. 63-505: Gorman Post Road at Gorman School Road in the Gorman area.

The levying of a new assessment is now subject to property owner approval with the passage of Proposition 218 (approved by California voters in November 1996) which provides for property owners to determine by ballot whether or not they approve of the proposed assessment for this purpose. As required under Proposition 218, assessment ballots will be mailed to all property owners of parcels within the territory proposed for annexation at least 45 days in advance of the public hearing. All assessment ballots must be received by the County before the conclusion of the public hearing. Ballots will be tabulated at the conclusion of the public hearing. The assessment will not be levied and the territory will not be annexed if the weighted majority of the returned ballots submitted are opposed to the increase. The ballots are weighted according to the amount of the street lighting assessment paid by each property owner. The ballots are

weighted according to the amount of the street lighting assessment paid by each property owner.

In addition to returning the assessment ballots, property owners may file with the Executive Officer of the Board of Supervisors a written protest against the proposed annexations at anytime prior to the conclusion of the public hearing. The written protest must identify the property owned and must state all grounds for objection. The protest may be withdrawn in writing prior to the conclusion of the public hearing. A majority protest will cause abandonment of the proposed annexation. If you wish to file a written protest, you may address it in writing to:
